## **BLACK WOMEN AND THE SUPREME COURT**

### **SOCIAL MEDIA TOOLKIT**

Of the 115 people who have served on the Supreme Court, only three of them have been people of color – and only five have been women. President Joe Biden nominated a new justice for the Supreme Court of the United States...and it's a Black woman. The Court decides critical cases impacting the lives of all Americans, ranging from voting rights, economic justice, reproductive rights, environmental justice, and criminal justice. Representation of a Black woman on the highest court is long overdue. Ketanji Brown Jackson's presence and voice on the Court will undoubtedly enrich its perspective and improve its decision-making.
