

Subject: Meeting Request: State Climate Superfund Bill Meeting

Hi X,

I hope this message finds you well! I am reaching out today from the [branch] of the NAACP. I am also writing as one of your constituents. As we prepare for the challenges ahead, **we would like to request an in person meeting with your office on [insert time/date]** to discuss critical priorities around creating more accountability for pollution in our community.

As it relates to the state climate superfund bills, we are particularly focused on [specifics of how pollution shows up in your community and which companies play a part], and we are eager to hear your thoughts on how the state can [strengthen protections/prevent harmful rollbacks on this issue]. We are keen to understand your legislative outlook and how we can collaborate to advance shared goals in the coming year.

We appreciate the opportunity to support your efforts and would be grateful to coordinate a time to meet. **Please let us know your availability to meet in person some time on [date/time], or connect us with the appropriate point of contact.**

Thank you for your leadership and partnership on these critical issues.

All the best,

X
